SYMMETRIC

60x60mm Symmetric PVC duct for domestic air conditions

SYMMETRIC

60x60mm Symmetric PVC duct for domestic air conditions

End cup

- Consist of symmetric halves to conduct isolated copper pipes and electric cables for use in domestic air condition systems.

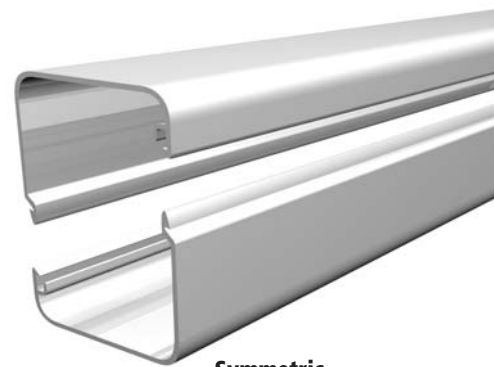

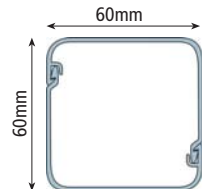

- Can be used indoor/outdoor.

- Elegantly and esthetically designed in "off white" color.

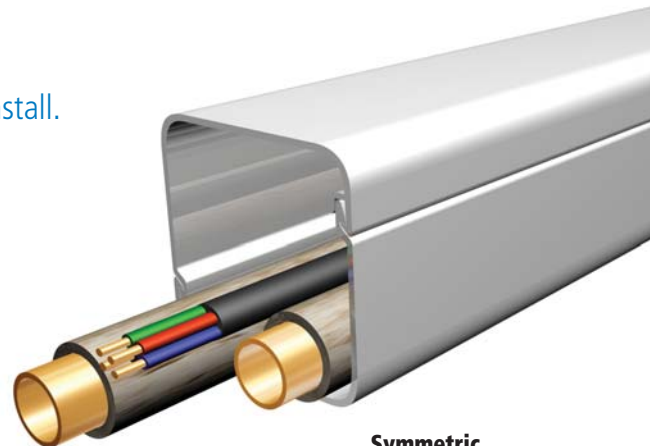

- The symmetric halves are double locked preventing the duct from loosen up.

- Easy to handle and install.

- Minimal waste.

Symmetric before installation

Symmetric after installation
